

2009 Home Run Pool

You must choose one player from each group (A, B, C, D, E) below by circling the player's name. You must also choose 6 players that are not in ANY group. This will give you a total of 11 choices. Your final score is the sum of your 10 best scores (you throw out your worst score).

The winner will be determined by the total score for their 10 best scores out of 11. Again, you can drop your worst score. There are no add/drops of players. If a player gets injured, that's tough luck.

Cost is \$30 per sheet. You can write me a check, give me cash or send \$31.00 via PayPal (\$1.00 will cover most of the PayPal fee - my PayPal email address for the account is kbuck22@gmail.com). Sheets needs to be submitted by April 3 or emailed to kbuck22@gmail.com by that date. There will be \$100 awarded to first place at the All Star Break, \$100 for the "DEEP SIX", which is the best total of home runs from ALL of your Wild Cards, and the remaining payouts will be at the end of the season for 1st, 2nd and 3rd (70%, 20%, 10%) of the balance. Scores will be posted to www.buckwebs.com/pools, as often as my schedule permits (likely once or twice a week).

Tiebreaker #1: Add Your Dropped Score into Your total

Tiebreaker #2: Total Home Runs of your wildcard entries

Group A	Ryan Braun	Miquel Cabrera	Prince Fielder	Ryan Howard	Albert Pujols
Group B	Adam Dunn	Evan Longoria	Carlos Pena	Alfonso Soriano	Mark Teixeira
